DeepSeek-R1

Llama3.3-70B

Congestion Prediction

DeepSeek-R1 slightly
underperforms **Llama3.3**
(The lower↓ the better)

DeepSeek-R1 has deficits in **temporal
trend understanding and forecasting**
(The higher↑ the better)

Historical Traffic Conditions:

Road Congestion Levels: [(4, '17:00'), (4, '17:05'), (4, '17:10'), (4, '17:15'), (4, '17:20'), (4, '17:25'), (4, '17:30'), (3, '17:35'), (3, '17:40'), (3, '17:45'), (2, '17:50'), (3, '17:55')]

Congestion Trend: The overall trend is **decreasing**.

Trend Analysis:

Llama3.3: Based on the current **trend of decreasing** congestion... ✓

DeepSeek-R1: The target road exhibits a **rising congestion trend**... ✗

Prediction:

Llama3.3: The next congestion level at 18:00 is 3. ✓

DeepSeek-R1: The next congestion level at 18:00 is 4. ✗
